

Commissioners adopt solar moratorium

Orion project in Saluda Township not affected by decision

BY BOB DEMAREE
An ordinance establishing a moratorium on solar projects was unanimously approved by the Jefferson County Commissioners at their meeting Thursday.

The moratorium is effective through Sept. 19, 2025, exactly one year after adoption by the Commissioners, but does not affect the application submitted by Orion Renewable Energy Group LLC that is due to be considered by the Board of Zoning Appeals on Tuesday, Oct. 1.

“Our attorney said we couldn’t stop projects that were already submitted but we could put a moratorium on future projects,” said Commissioner David Brammer.

In the ordinance, it was noted that after the Unified Development Ordinance was adopted in 2023, there was confusion on

the implementation of the solar energy regulations, resulting in a technical review committee being created by the Jefferson County Plan Commission to consider updates to the county’s solar energy policies.

LifeSpring named vendor for proposed treatment facility

BY BOB DEMAREE
County Commissioners took a step forward in providing residential treatment facilities in Jefferson County by selecting LifeSpring Health Systems as the vendor to help make that possible.

Even with a memorandum of understanding still needing to be established, there was an indication of commitment to move forward with LifeSpring, the non-profit Community Mental Health Center that serves 11 counties across southern Indiana: Clark, Crawford, Dubois, Floyd, Harrison, Jefferson, Orange, Perry, Scott, Spencer and Washington.

Beth Keeney, LifeSpring president and chief executive officer, said, “One of the things we’ve been looking at is how can we continue to grow and meet the needs of folks in Jefferson County, and in the area. What we’re recommending is a complete continuum of care, specifically for behavioral health and substance abuse disorder.”

She said in the next few weeks LifeSpring will be making an application to the federal government for community health services in Jefferson County that will provide comprehensive primary care without regard to ability to pay. Additionally, she said that will also include “clinically managed high intensity residential services” for those with substance abuse disorder to be stabilized.

“They would come and stay with us for up to 28 days and receive comprehensive services that would include medical managed detox stabilization and then transition them to their next level of care, she said,” noting the program would also include crisis stabilization that would allow for up to 24 hours service to provide time to evaluate what care is needed.

Hanover considers protecting historic homes on Main Street, Madison Avenue

BY BOB DEMAREE
An ordinance establishing a moratorium on the demolition of structures on Madison Avenue and Main Street in Hanover is expected to be introduced to Hanover Town Council at a future meeting.

Council member Treva Shelton noted that the town’s master plan included historic preservation as part of the process of the College and Community Collaboration grant from the Lilly

Endowment Inc.

The \$30 million Lilly grant includes \$3.3 million dedicated to the Hanover historic corridor that includes Main Street and Main Avenue. Shelton said Hanover College President Lake Lambert “has asked that we do a moratorium on demolition of any buildings and houses on those streets for at least 18 months until a plan can be developed.”

With town attorney Devon Sharpe in the process of develop-

ing that ordinance, an application for a demolition permit for 119 Madison Avenue was denied last week by Hanover ordinance officer Don Williams. The action was taken after Sharpe determined state law allows the demolition permit to be denied, although that decision can be appealed.

A photo of house dated in 1882 indicates it was moved to Hanover from vicinity of 14-Mile Creek near the New Washington area.

The house was purchased by Bob and Lucile Millican in the mid 1940s and remained in the family until it was sold in May of 2022 to Johanna Coble who sold it May 15 to Chi Chapter House Corporation Inc., a nonprofit for Hanover College’s Sigma Chi fraternity.

Williams said Sigma Chi indicated plans to tear down the house, and build a new structure with a meeting room, and lodging space for alumni. He

also expressed concern whether zoning changes that Sigma Chi would need for the proposed new structure would be permitted in the residential area, particularly considering the need for additional parking. “There is no parking on the street available for it; that they would have to put in a parking lot which would be another problem as far as a variance.”

CORRECTION

A story in Friday’s edition on last week’s solar meeting at Southwestern High School accidentally misquoted Deputy Pike resident Steve Weatherbee when a remark he made in opposition to solar farming in Jefferson County was misheard. Weatherbee actually said: “This is the greatest example of greenwashing I have ever experienced, ever ... This is a joke.”

The ordinance states the moratorium is necessary “to ensure Jefferson County’s regulations align with strategic development of unincorporated areas of Jefferson County and align with best practices for associated Primary Solar Energy Systems installations, their constructions, maintenance and decommissioning.”
Sherry Chapo asked for an explanation why the proposed Orion project in Saluda Township could not be included as part of the moratorium.
County Attorney Patrick Magrath cited that Indiana Code 36-7-4-1109 states that once an application is filed that for up to three years any changes in the ordinance or statutes that affect that regulation, or that particular property or application are not applica-

ble to that application.
“Once that application is filed, that freezes the law that applies to that application,” Magrath said.
Plan Commission President Warren Auxier said that when the UDO was being developed, “we did not understand at that time the depth of what was involved with solar. Since then, we became more aware” and are now working to update the UDO with regulations that will better address solar in Jefferson County. “I appreciate the action that Commissioners took this evening. I think we will be able to put most of our community in a better position going forward.”
Commissioner Bobby Little expressed his appreciation for the work done by the county’s Plan Commission in developing the UDO and “your willingness to go back now and address” what is needed in terms of Jefferson County solar regulations.

Carrollton candidate sentenced for unauthorized practice of law

Franklin Bartley

BY PAXTON MEDIA GROUP
LA GRANGE — A Carrollton man, who is running for city council, was sentenced recently to 15 days in jail for the unauthorized practice of law. Franklin Bartley, 80, of Carrollton, was charged with a first offense violation after, according to a summons, he filed a

“Motion for Shock Probation” on behalf of Heather Ravenous in the case of Commonwealth vs. Heather Ravenous with the Oldham County Circuit Clerk’s office on July 1. The document made factual allegations regarding Ravenous’s underlying criminal conviction and listed various reasons why she should be granted relief. Bartley signed his name to the document. He also completed a certificate of service to show that he provided a copy to the Commonwealth’s Attorney. Bartley was sentenced by District Court Judge Brittany McKenna.

Ravenous has faced multiple charges this year, including convicted felon in possession of a handgun, which was amended down; convicted felon in possession of a firearm, for which she was found guilty, as well as dismissed charges of operating on suspended/revoked operators license, careless driving, reckless driving and speeding 26 mph over the limit. The Motion for Shock Probation was stricken by the court on July 29. Bartley announced on Facebook on Sept. 2 that he is running for a seat on Carrollton City Council.

Commissioners award \$55,035 for infrastructure master plan

BY BOB DEMAREE
Jefferson County Commissioners officially awarded a contract to develop an infrastructure master plan to American Structurepoint at last Thursday’s meeting. The master plan will provide “focus points within the county to see what infrastructure might be needed if there is a development that might happen,” Commissioner David Bramer said. He noted that because of the high degree of development in Clark County, there is a possibility some that some of that could spill over into the western part of Jefferson County near the Clark County line. “Do we just want to react to that, or do we want to have planned places where we can do that kind of development?” he asked. Bramer said if such development does come to Jefferson County, the plan will help pre-determine the best places for that development to go. “It’s better to be prepared than trying to react ... to be ready” for whatever might come. Bramer said the infrastructure master plan will likely target two to three areas in the county. The fee for the eight-month study by American Structurepoint is \$55,035. In other business: • Bramer said a request for proposals has been sought for design of a new Jefferson County Animal shelter in order to have plans in place if funding can be acquired for a new facility. Proposals are expected to be returned by October. • Jason Copeland, garage foreman for the Jefferson County Highway Department, said beams have been set for the bridge replacement on West Street in downtown Madison. “It’s looking really well,” he said, noting concrete pours are planned for this week. • Terry Rowlett, of Canaan, expressed appreciation for work to address the poor condition of County 925N in Shelby Township. He noted the road, formerly asphalt, is now gravel but in much better condition. He said he hopes funding can be identified in the spring so that the road can be restored to paved condition.

City to roll out new garbage containers this week

BY THE COURIER STAFF
The City of Madison's New garbage collection containers were to begin arriving on Monday, Sept. 23, with deployment to begin immediately with hopes of having all containers delivered by Saturday, Sept. 28.

The containers, which are required for operation with the new sanitation trucks the city is implementing to reduce the amount of trash being handled by humans, are designed to they can be lifted by a mechanism on the trucks. The rollout will start in the downtown area, and containers will be delivered to the front of each property to ensure they match the correct address. Trash collection

will continue as usual. Residents are reminded to place their new containers in areas where they won't be blocked by parked cars and to remember that all trash must be bagged and placed inside the container. For faster service, the containers should be positioned with the handle toward the street. If the container size delivered does not meet the needs of a household, contact the City Street Department as soon as possible to check for size availability. Call 812-265-8304 or email streetsec@madison-in.gov. Additionally, starting the week of Oct. 7, residents wishing to dispose of old garbage containers should ensure that it is empty, turn it upside

down, and place it at your garbage collection location. The city will make rounds to collect unwanted containers. There will be no changes to the city's recycling program, and current recycling containers can continue to be used as usual. "The City of Madison is dedicated to maintaining a clean, safe, and beautiful environment. The new garbage collection containers are part of this ongoing effort to improve the quality of life for all residents while ensuring our city staff remains safe. We appreciate everyone's cooperation as we embrace this change to our collection service," said Madison Mayor Bob Courtney.

An demolition permit application for this house at 119 Madison Avenue in Hanover was denied last week by Hanover ordinance officer Don Williams and a stop work order has also been posted to prevent any other work that might have an impact on the historic house as Hanover considers ways to protect its historic structures.

HOMES

FROM PAGE A1

In addition to denial of the demolition permit, a stop work order has also been posted to prevent any other work that might have an impact on the historic house.

Shelton, who has served on town council since 2012, said that during her time on the board "no one has asked to tear down a home in that corridor until this week when Don got the request." In other areas on that corridor, there have been restorations at 263 East

Main Street, 271 East Main Street and 318 East Main Street that are reviving those historic structures. Shelton noted that if the moratorium is enacted there would be exceptions such as "if the house was falling down" in which a structure could be demolished.

Hanover council facing higher trash, water costs

BY BOB DEMAREE
Increasing costs and the need for Hanover to pass those expenses on to users is leading Town Council to consider increasing fees for some services. At last week's town council meeting, there was discussion about rates increases Rumpke sanitation will charge the town beginning in November.

The town is also dealing with rate increases for water it purchases wholesale from Kent Water Company and resales to local customers following a 24% to 25% increase that is already being charged to the town. Although any new water rates for town users won't be determined until a rate study is completed, public hearings will soon be held to address storm water concerns in the town and possible fees to help pay for that.

Rumpke's rate charged to the town is \$13 per household for solid waste and \$3.64 for recycling. Beginning Nov. 1, Rumpke's rate will be \$13.52 per household for solid waste and \$3.79 for recycling.

The town is currently charging \$17.50 per month to town residents for solid waste and recycling that covers not only what Rumpke invoices the town for approximately 932 households, but the town's other costs associated with trash pickup.

"We are going to have to make a decision by the end of the year that we are going to need to increase our trash rates because we are just barely breaking even. We definitely need to raise it," said town council president Debbie Kroger.

Clerk-treasurer Coby Cloud proposed increasing the trash and recycling rate to \$20 per month beginning Jan. 1, but no decision was made by the town council.

In an effort to save money, the Council had considered changing the way it handles recycling. One possibility was elimination of curbside pickup and switching to a drop-off location with residents transporting their recycling to that location.

Hanover resident Debi Brim spoke in support of continued curbside recycling, even while noting she appreci-

ates the council's effort for watching the costs to the town residents. "Your number one job is fiscal responsibility to the community and if you weren't doing that, I would be up here complaining about that, too. Please know that sometimes you're making hard decisions."

But Brim calculated that for 932 households that the savings for not having curbside recycling is 40 cents a week or \$1.60 per month. "If I had a choice of giving up two polar pops a month or having a truck come by and pick up my recycling, breaking it down like that, I think it's doable," she said.

Brim also emphasized the importance of recycling. "As we fill the landfills, there is a risk of ground water contamination and harmful gas emission ... Recycling diverts the waste from the landfills. They don't fill as much, reduces the pollution, keeps our water a little safer. There's an economic impact, 1.7 jobs associated with every 1,000 tons of recycling. It generates \$9.32 in tax revenue for every ton of recycling."

Brim said the "reason people don't recycle is a lack of knowledge and communication" about the benefits. "Recycling plastic saves twice as much energy as it takes to burn it. Aluminum cans and plastic can be recycled over and over without losing any purity."

She encouraged the continuation of curbside pickup. "I hope you keep my curbside pickup because I really don't relish the idea of getting out in January and loading it up in the back of my truck, and driving down and dumping it someplace ... I would really rather be able to put it at the end of my driveway."

In other business, the commission:
• Approved \$4,750 to patch Medical Plaza Drive with 600 square feet of 3-inch asphalt, and for the milling to be hauled off. The work is needed due to pot holes that need to be patched on the road that is owned by the town.
• Progress is being made on the room addition at the rear of the Hanover Community Building with dry walling, painting and flooring to still be completed.

Dowell leads Madison to 12th girls golf sectional championship

BY DAVID CAMPBELL

Just a few holes into Saturday's sectional championship, Madison coach Jake Shockley was already abuzz. Having just watched Aleigh Wilson drive a green just mere feet from the pin, Shockley couldn't contain his excitement.

"The girls are on fire today!" he said.

Madison's Lady Cubs started strong and finished strong, shooting a 367 to easily win the IHSAA Girls Golf Sectional at Sunrise Golf Course Saturday.

The 367 was nearly 50 strokes better than the Cubs' nearest competitor and tied the team's best score in Shockley's eight years as coach.

"They really played like champions today," Shockley said. "I think when Switzerland County was really close to us earlier in the week, it opened their eyes a little bit. We had our best two practices of the week, by far — of the year, by far, honestly — and I couldn't ask for more."

Switzerland County finished second Saturday with a 413 to earn its second-straight trip to regional while Southwestern's Lilly Fox shot a 101 to earn a regional berth as an individual and her first regional trip since she was a sophomore playing at Madison.

But the day belonged to the Cubs, who won their second-straight sectional championship and 13th overall, the fourth-most by any Madison athletic program behind only boys basketball (38), boys golf (26) and baseball (22).

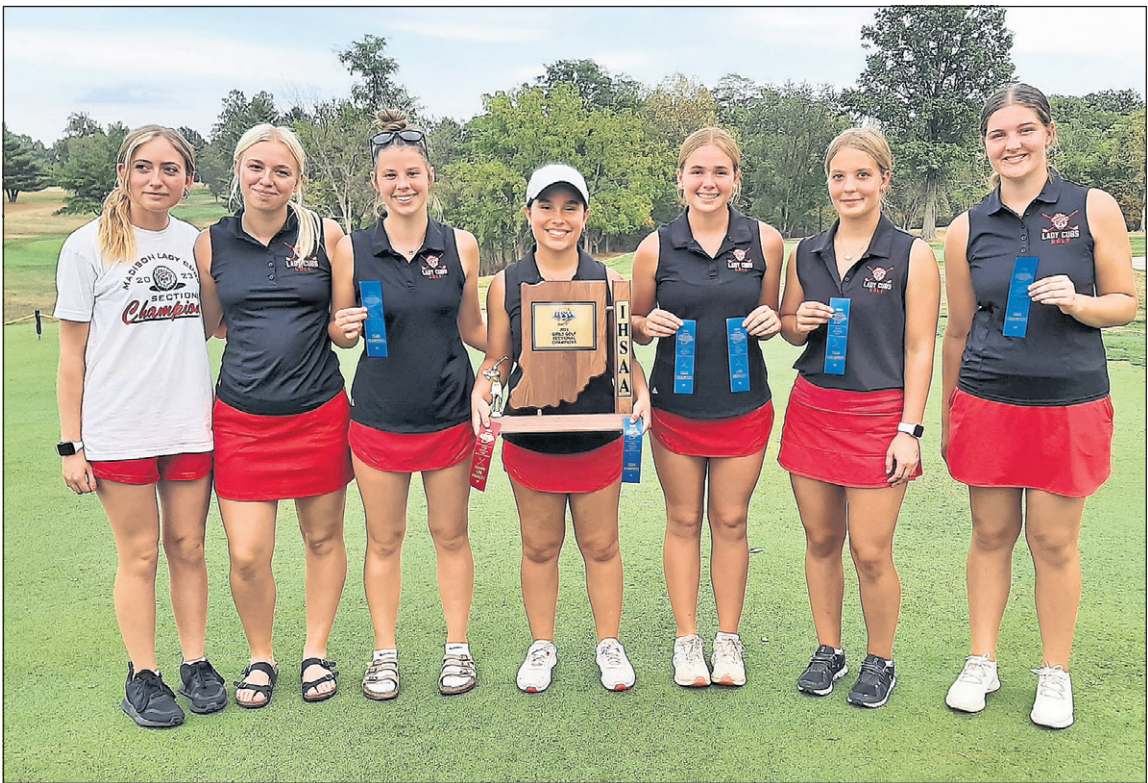

"They're probably my best team ever, maybe my best group ever," Shockley said. "They're just a fantastic group of girls."

Leading the way for Madison was junior Emmi Dowell, who despite not shooting her personal-best, fired an 80 to win her second-straight sectional crown.

Dowell came into the tournament hoping to shoot in the 70s and although she was somewhat disappointed in her performance, she was overjoyed at the way her teammates played.

"I just had a couple holes where it wasn't very good. There were some putts where I was like, 'Can I tap this in?' and then I completely missed," Dowell said. "But overall I was solid."

"She's set some high standards for herself, but to just go out, maybe play your solid day and still blow out the field is pretty impressive," Shockley said. "I'm really big on the team thing but Emmi is obviously our MVP and she's the one that sort of steers

berth as a team with a balanced attack. Alexis Mangold and Payton Stow each shot 99s to lead the Pacers while Bri Stow had a 106, Marilynn Dalrymple carded a 109 and Makayla Bowling shot a 112.

Fox led Southwestern, which shot a 488 and placed seventh overall, while Kayla Boscia and Eden Wehner each had 128s and Kaitlyn Wickersham fired a 131. Emily Keeton posted a non-scoring 138.

In addition to Madison and Switzerland County, Scottsburg also earned a regional berth by placing third with a 426. Charlestown's Teagan Thomas and Jennings County's Katherine Oden also shot 101 to earn regional berths as individuals.

The IHSAA Regional will be held at The Legends of Indiana Golf Course in Franklin on Saturday.

Cubs rout Jennings 51-0 to bring Railroad Trophy back to Madison

BY DAVID CAMPBELL

Madison football put together one of its best quarters in the past decade, scoring four times in the first quarter to rout Jennings County 51-0 at home on Friday in the annual Battle of the Railroad Trophy game.

The Cubs collected more than 300 total yards in the first half while holding Jennings to minus-12 yards over the same span to post Madison's highest-scoring half in more than 40 years.

"We had a great week of practice and our scout team is giving us a great look every day," Madison coach Charles Benintende said. "We go to work early on Saturday mornings, putting together a game plan and our scout team is just phenomenal right now. They're giving us everything that we need and preparing us for the week ahead."

Like a week earlier in a 58-14 whipping of Carroll County, Madison dominated every phase of Friday's game to claiming the lopsided win over

its rival.

Madison wasted little time getting on the scoreboard, scoring on a 44-yard laser pass from quarterback Matt McCarty to a wide-open Jake Dyer for a 7-0 lead less than three minutes into the game.

A Jennings County three-and-out led to another long McCarty to Dyer pas, a 37-yarder that set up a Joseph Stanley 1-yard touchdown run.

The extra point was blocked but the Cubs led 13-0.

Madison's Taytem Anderson picked off a Nathan Harrison pass on the next possession to set Madison up in Jennings County territory and McCarty eventually punched the ball in from one yard out. Stanley got the two-pointer and the Cubs were up 21-0.

Madison's Peyton Stewart (0) is congratulated by teammate Garrett Deuser (22) after a big play in the Cubs' win on Friday.

Madison's next possession for a 27-0 lead — all before the first quarter had ended.

Madison (3-2) added two more scores in the second quarter to turn the game into a rout and trigger a running clock in the second half. Jason

Cosby punched in a 2-yard run and McCarty hit Bryon Copeland on a 21-yard TD pass for a 43-0 lead.

The second half flew by thanks to the running clock but Madison still managed a final score, a 15-yard touchdown and subsequent two-point conversion by Stanley for the final margin.

The Cubs finished with 398 total yards with McCarty passing for 222 yards on 10-of-19 attempts and Dyer catching five passes for 101 yards. Stanley finished with 70 yards on 11 carries.

"It looks like it's Jake Dyer, just one person, but we have talent, we have speed, we have a lot of people on the skill positions," Benintende said. "We got Quincy Reynolds, we got Bryntem Copeland. We have Taytem Anderson and Joseph Stanley, and we have people all over the place that can make plays. So we try and see whatever you're going to put against us, and take it away."

HANOVER ROUNDUP

Panthers hammer Olivet to claim first football win

BY THE COURIER STAFF

Hanover collected nearly 500 yards of total offense and rolled to a 56-14 win over Olivet at home on Saturday for the Panthers' first football win of the season.

Hanover scored two touchdowns in both the first and second quarters to lead 28-0 at half-time and then turned the game into a rout with three touchdowns in the fourth quarter.

Eian Roudebush threw for 255 yards on 25-of-31 passing with five touchdowns to lead the offense, Malachi Parks threw for two more touchdowns off the bench.

Curbrian Shelby had four catches for 64 yards and two touchdowns for the Panthers, Jalen Peck had four catches for 62 yards and Scotty Johnson had four catches for 51 yards and two touchdowns.

Madison's Noah Caswell had two tackles — one for loss — and one sack and fellow Cub Clint Hearne went 7-for-7 on

Switzerland falls behind early in 32-7 loss at Owen County

BY ADAM PIETRYKOWSKI

OWENTON, Ky. — For the first time this season the Switzerland County football squared off against a rival from across the Ohio River and came away without a victory. The Pacers fell falling 32-7 at Owen County on Friday night in Owenton.

"This was a physical football team that we played tonight. Their lineman played tough all night and they have a really talented runner," Switzerland coach Ryan Jesop said of the Rebels. "Our guys fought and scrapped tonight, but we just couldn't capitalize on enough of the big plays we made."

Running back A.J. Olivas was the heartbeat of the Owen County offense and while he only scored one touchdown on the night, his running between the tackles was the dominant factor in the game.

That running ability was showcased early on in the first drive of the game for the Rebels when Olivas ripped off runs of 13 and 23 yards before quarterback Michael Powell connected with Brennan Lewis for a 13-yard touchdown pass to put Owen in front 7-0.

Both teams traded three and outs before Switzerland County put together the first of several good drives that just did not end up in the end zone. A key play on the drive was a pass from Alex Bailey that went straight through the arms of his intended receiver in the end zone to deny a score.

Following a failed fourth down conversion by the Pacers, Owen County took the ball from their own 25-yard line and marched the length of the field. The biggest play came on a screen pass to Oli-

vas before Colby Young cashed in a 7-yard touchdown run put the Rebels up 14-0 early in the second quarter.

The Pacers (3-2) took the next kickoff and strung together their longest drive of the night, a methodical march of 11 plays that covered 51 yards juts before halftime until the 12th play of the drive brought disaster. A Pacers fumble allowed Owen County's Austin Young to scoop up the ball and race 80 yards for a score that completely took the air out of Switzerland County. The extra point failed, but Owen County had seized the momentum and carried a 20-0 lead into halftime.

The second half saw Owen County continue to control the line of scrimmage and possession with its run game. After trading possessions to start the half, Olivas was able to crash into the end zone from 9 yards out and put Owen up 26-0.

The Pacers went three and out on the next series and the Rebels struck quickly when they got the ball back as Powell connected with Brody Towles for a 28-yard touchdown pass to push the lead to 32-0.

That was all the scoring by Owen County but Switzerland County finally broke up the shut-out with its only scoring drive of the night. The Pacers drive was capped by a pretty 18-yard touchdown reception by Mason Stroud and the PAT provided the final points of the evening for either team.

Bearcats rout Carroll County 45-0 to keep Panthers winless

BY PAXTON MEDIA GROUP

LAWRENCEBURG — Carroll County's Panthers were looking to get their first win of the season at the expense of the Anderson Bearcats on Friday night.

The Bearcats instead capped off their homecoming week with a 45-0 win over the Panthers.

Carroll could muster only 138 yards of total offense against the Bearcats.

Sophomore quarterback Treavin Shovlin spent a lot of Friday evening trying to avoid the Bearcat pass rush. He completed 10 of his 21 attempts for 83 yards and threw one interception.

The rushing attack accounted for 55 yards and the team did have nine first downs on the evening.

The Panthers got the first break of the game on the opening carry as Hunter Angell recovered a fumble at its own 30. Carroll County managed a first down on a scramble by Shovlin but the drive then failed.

On the second play of the game from its own 30, Anderson County's Will Rhody busted through the line for a 35-yard gain. Nemo Wilson then covered the final 30 yards for the touchdown at the 8:08 mark of the first quarter and Anderson County led 6-0.

Shovlin then hit Landon Supplee on a 20-yard connection, but the drive soon failed too and another punt by Shovlin went to Sam Samad. The

senior, who was celebrating his birthday, returned the kick 35yards to the Panther 22. Quarterback Eli Castle opened the drive with a 5-yard completion to Braxton Mackey and then hooked up with Wilson on a 13-yard play before Rhody ran the ball in from the 3-yard line. A Blake Doyle kick made it 13-0 Anderson with 3:58 left in the first quarter.

Carroll County pushed into Bearcat territory for the first time when Shovlin hit Kenneth Laeton Fornash on a 14-yard play that was then wiped out by a personal foul. Shovlin then hit Karson Vaught on a 29-yard play, and a short pass from Shovlin to Fornash got

the Panthers to the Anderson 49. But once again the drive stalled.

An Anderson penalty nullified a 50-yard pass from Hunter DeGarmo to Jackson Hardin to the 1 on the next series. So Castle came back with a 12-yard pass to Hunter Hilton. Rhody would score his second touchdown of the game for a 19-0 lead with 11:49 left in the first half.

Carroll mounted its best drive of the night, a 12-play march that started at Carroll County's 43 and reached the Bearcat 4 as freshman Mason Ogden carried the ball five times including a 23-yard run

Warriors shut out Raiders 42-0 on Trimble homecoming

BY PAXTON MEDIA GROUP

Eminence earned a running clock four minutes into the second quarter and overpowered Trimble County 42-0 on the road on Friday night.

The Warriors scored four touchdowns in the first quarter alone and limited the Raiders all evening to move to 2-2 on the season.

Eminence set the tone early and scored just 18 seconds into the game.

Landon Smither caught a pass from Blaze Berry, broke a tackle and ran safely into the end zone for a 30-yard touchdown. Abraham Munoz drained the extra point to bring the score to 7-0.

Trimble County struggled with poor snaps throughout the first half, including a botched snap that resulted in a fumble that ended the Raiders' first drive.

Eminence recovered the fumble and scored on a 25-yard pass from Berry to Cooper Holland on the following play to push the

lead to 14-0 with 7:03 to go in the first quarter.

After a lengthy kickoff return by the Raiders, Adrian Martinez recovered another Trimble County fumble to reclaim the ball for the Warriors.

Eminence capitalized on the turnover with a 12-yard touchdown pass to Martinez, bringing making Warrior lead 21-0 with 4:18 on the clock.

The Warrior defense continued to swarm the Raiders and forced a third turnover on Trimble County's ensuing drive when Tavion Chambers intercepted a Raider pass and returned it for a touchdown. Munoz hit the PAT to extend the margin to 28-0 with 1:18 remaining in the opening period.

Eminence's defense stopped the Raiders at the outset of the second quarter as Trimble finally had a turnover on downs, and the Warriors kept their hand on the throttle offensively to score and a trigger a running clock when Smither ran in a 4-yard

touchdown and Eminence completed the 2-point conversion to push the lead to 36-0 with 8:23 to go in the second quarter.

Trimble County battled back and nearly broke onto the scoreboard near the end of the half, but a penalty negated a complet-

ed pass play near the goal line, and a Raiders' botched snap on the next play set up fourth-and-long with seconds left. A final pass in the half sailed out of bounds to keep the margin at 36-0 at the break.

Turnovers continued to hamper the Raiders in the second half and Eminence took advantage of the miscues to push the game further out of reach.

Holland nabbed a Trimble County pass on fourth down and ran it back to the 21-yard line to give the Warriors possession. Berry found Beverly on the following play for a touchdown to push the lead to 42-0 with 3:52 left in the period.

The Warrior defense stood firm and kept the Raiders off the scoreboard for the remainder of the game to earn the convincing shutout victory on Trimble homecoming night.

Eminence (2-2) hosts Washington County on Oct. 11 while Trimble (0-5) visits Iroquois (4-1) on Friday in Louisville.

Skenes fans 9 as Pirates stop Reds 2-0

CINCINNATI — Paul Skenes struck out nine and pitched two-hit ball through five innings, leading the Pittsburgh Pirates to a 2-0 win over the Cincinnati Reds on Sunday.

Skenes (11-3) recorded his 16th game with seven or more strikeouts, surpassing Larry McWilliams (1983) for seventh-most by a Pirates starter in a season.

In three starts against the Reds, the 22-year-old right-hander has allowed one earned run with 25 strikeouts in 17 innings.

Skenes lowered his ERA to 1.99 on Sunday, the second-lowest through 22 career starts behind Steve Rogers’

1.95 ERA in 1973-74 with the Montreal Expos.

Oneil Cruz hit his 21st homer in the first inning and Nick Yorke’s first career homer off Fernando Cruz in the fifth inning gave the Pirates a two-run lead.

Pittsburgh won by shutout for the 12th time this season.

Hunter Greene (9-5) made his first start since having his season interrupted by right elbow soreness in mid-August. He pitched three innings and allowed a run on two hits with four strikeouts.

BRAVES 15, REDS 3 (THURSDAY)

CINCINNATI — Matt Olson hit two of Atlan-

ta’s six home runs, Chris Sale coasted to his major league-leading 18th win and the Braves beat the Cincinnati Reds 15-3 on Thursday.

The Braves became the first team in major league history to hit four three-run homers in a game, according to Elias. They remained two games behind the final NL wildcard spot.

Along with his career-best win total, Sale (18-3) also leads the majors in ERA (2.38) and strikeouts (225).

Sale pitched five innings, allowing two runs and five hits with two walks and six strikeouts. It was the 18th consecutive game in which

he allowed two runs or fewer.

REDS 8, PIRATES 3 (FRIDAY)

CINCINNATI — Elly De La Cruz joined Vince Coleman and Rickey Henderson to become the third player to steal 100 bases in his first two seasons since the modern rule was adopted in 1898, and the Cincinnati Reds beat Pittsburgh 8-3 on Friday night to assure the Pirates their sixth straight losing season and 28th in 34 years.

Tyler Stephenson tied his career high with five RBIs and Nick Martinez (10-6) won his fourth straight start, allowing two hits in six

scoreless innings.

De La Cruz swiped second base in the fifth inning and scored on Stephenson’s single for a 7-0 lead, his 65th stolen base this season. The 22-year-old is hitting .260 with 24 homers and 70 RBIs this year after batting .235 with 13 homers, RBIs and 35 steals in 98 games as a rookie.

De La Cruz became the first player with 30 homers and 100 steals in his first two seasons.

REDS 7, PIRATES 1 (SATURDAY)

CINCINNATI — Elly De La Cruz hit a three-run homer, drove in four runs and scored twice to lead the Cincinnati Reds

to a 7-1 victory over the Pittsburgh Pirates on Saturday.

De La Cruz, who had three hits, joined Eric Davis and Barry Larkin as the only Reds players with 25 homers and 65 stolen bases in a season.

Rookie Rhett Lowder (2-2) made his fifth start for Cincinnati and allowed five hits in five innings.

He has a 1.40 ERA through five starts, allowing one earned run or fewer in four of them.

It was Lowder’s first victory at Great American Ball Park after having his 14¹/₃-inning scoreless streak snapped in a loss to the Twins on Sunday at Target Field.

Reds fire Bell after 6 seasons

Benavides named interim manager

BY MITCH STACY

THE ASSOCIATED PRESS

The Cincinnati Reds fired manager David Bell on Sunday night after six seasons.

The team announced the move hours after a 2-0 loss to the Pittsburgh Pirates, and named bench coach Freddie Benavides as interim manager for the final five games of the season.

“David provided the kind of steadiness that we needed in our clubhouse over the last few seasons. We felt a change was needed to move the Major League team forward. We have not achieved the success we expected, and we need to begin focusing on 2025,” President of Baseball Operations Nick Krall said on a statement posted on the Reds’ website.

With a week left in the season, the Reds are 76-81 and in fourth place in the NL Central, 13 1/2 games behind division champion Milwaukee. Cincinnati closes out the season with five road games. The Reds have a two-game series in Cleveland on Tuesday and Wednesday before closing out the campaign with three games in Chicago against the Cubs.

The 52-year-old Bell — whose grandfather Gus and father Buddy both spent part of their careers playing in Cincinnati — was hired by the Reds in October 2018. He had a 409-456 record over six seasons.

Under Bell in 2020, the Reds earned a postseason berth in his second season, which was shortened by COVID-19 to 60 games.

The Reds finished the 2021 season with a respectable 83-79 record, good enough for third place in the National League Central. That season also produced a National League Rookie of the Year in second baseman Jonathan India.

In 2022, Cincinnati lost 100 games for the first time in four decades. The Reds improved to 82-80 in 2023, despite leading the major leagues with 650 games missed by players because of injuries.

This season began with high expectations that Bell and the Reds couldn’t meet. An eight-game losing streak in May put them five games under .500. They strung together seven wins in a row in June to get them back to one game under .500 but couldn’t sustain the success.

That lack of consistency would be a trend for the rest of the season.

The Reds swept the Yankees in a three-game series in New York July 2-4 but again faded. They looked as if they could make a postseason run when an Aug. 12-14 sweep of the Cardinals improved their record to 60-61 as they moved into a tie for second place in the NL Central with St. Louis and within a half dozen games of a wild-card spot.

But consistency was a problem again, and Bell lost three of his top starting pitchers, Hunter Greene, Nick Lodolo and Andrew Abbott, to injuries. Cincinnati is 12-8 in September.

During Bell’s tenure, the Reds brought along a talented core expected to put the organization back on top, including India, Greene, Elly De La Cruz and Matt McLain. But Cincinnati hasn’t been able to get over the hump.

Bell becomes the third manager fired this season. The Chicago White Sox fired Pedro Grifol and three coaches on Aug. 8, just days after the team ended a 21-game losing streak that tied the American League record.

The Seattle Mariners fired Scott Servais on Aug. 22, in the middle of his ninth season with the team.

Husband with hearing loss insists problem is mumbling

Dear Eric: My husband and I have been married for 11 years. When we got married, he was slightly hard of hearing. The past few months, his hearing has gotten worse to the point that I have to raise my voice and repeat several times for him to hear me. He then accused me of shouting at him and said he could hear me if I didn't mumble. He further states that's why I can't get the TV voice remote to work.

I did finally get him to go to a hearing specialist for hearing-loss testing, which was determined he has hearing loss for female and children's voices. He refuses hearing aids. I know this is a serious problem and a sensitive issue. However, it's very nerve-racking for me. I love him very much. I just want to help him. I don't want him to be embarrassed when out in public. Could it be that I am a mumblor?

— Accused Mumbler

Dear Accused: Not guilty. Your husband is having an understandable struggle

R. ERIC THOMAS
ASKING ERIC

adapting to this change in his ability, but that's not an excuse for him to take it out on you. Our responses to the facts of life, particularly with regard to our bodies, sometimes defy logic. After all, logic doesn't always meet our emotional needs. And your husband thinks he needs someone or something at which to direct his frustration.

You can help him and help your relationship by — to use a colloquial phrase — saying the quiet part out loud. In an unheated moment, tell him that you understand his frustration but that it doesn't help either of you to be in conflict. Even if you do mumble, his hearing loss is a fact. This isn't about the remote; it's about your relationship. You two can either sit in silence, or you can take steps together to fix this. And then ask him what he wants to do about it.

If you're in a bargaining mood, you can promise to try to speak up if he promises to wear his hearing aid. But whatever happens, he's got to stop taking his frustration out on you.

Wife's friends disappeared after husband's diagnosis

Dear Eric: My husband had Alzheimer's and spent his last couple of years in memory care in a retirement community where many friends live. We had been close to these folks in the past, and my husband remained so delighted to see them, even if he couldn't remember names and events.

They seldomly visited or not at all, although you could throw a stone from their homes to his apartment. Since he died several months ago, I have not heard from them. I know how tough it is to see your friends decline and to be with your friends as they grieve. Friendships are so precious to me, but I also know that friendships can change over time.

I now find myself struggling with feelings of resentment, which I don't like, and wondering whether I overestimated our importance to these people. I have still been part of a dinner group with the wives of some of these couples, but it feels so empty now that I'd like to "resign." Am I just being cranky or the opposite — too slow to see the handwriting on the wall?

— Left Alone Friend

Dear Friend: It's not crankiness; it's a reasonable response to be let down by your friends. It's clear that you've given these people grace. And I'm sorry that they still

R. ERIC THOMAS
ASKING ERIC

didn't show up in the way that you needed them to. Resignation for your own emotional well-being is fine. Protect yourself and your heart. You may, however, want to first talk one-on-one with a friend or two. Let them know how you feel and give them a chance to make amends.

Dear Eric: My mother-in-law loves quirky Christmas ornaments. Each year, she gets my husband and I at least one new ornament each.

My problem is that I love uniform ornaments and decorations. I want everything to match. I have the perfect set for our Christmas tree. I know she gets us these out of love, but how can I kindly ask her to stop? Or would it be terrible if I had a separate, smaller Christmas tree just for these ornaments?

— Ornament Grinch

Dear Ornament: You have come to the right place! I have such a long history of Grinch-esque ornament preferences that I'm banned from Whoville. (I still stand by the tree I decked out in cranberry and pewter.)

A "Mom's Christmas Tree" is a good compromise and can start a new tradition. Asking her to stop is likely to result in bruised feelings, as is getting into a long conversation about arboreal aesthetics. Accept that these ornaments come from a heartfelt place and give them a heartfelt place in your house.

ASTROLOGY

ARIES (March 21-April 19) — You may tackle your tasks quickly and effectively if you aren't overstimulated or distracted by daydreams of your best life. It might not be an ideal time to start a relationship. You may seek advice from your friends or neighbors.

TAURUS (April 20-May 20) — Your quickness and intensity could allow you to foresee and possibly prevent problems before others know they exist. Your expertise could save time and money for everyone. Your skills may soon be recognized and rewarded.

GEMINI (May 21-June 20) — You might be ready to handle more serious matters while someone else could be in the mood for fun. Stay focused on your goals without raining on someone else's parade. Think about ways to improve your positivity and self-esteem.

CANCER (June 21-July 22) — You might find your energy levels slower than usual. Obstacles may seem to be everywhere, but you may have a way to sort them out. Stay aware and look carefully through all the fine print to make sure you are covering all the bases.

LEO (July 23-Aug. 22) — Sometimes things may slip through the cracks. You and your inner circle might think about redistributing your priorities and responsibilities. Don't let outside issues affect your goals or the underlying strength of your relationship.

VIRGO (Aug. 23-Sept. 22) — You may freeze to avoid facing danger head on. Consider being discreet and not drawing attention to yourself while you home in on your goals. It might be a good idea to wait to start anything new and to steer clear of confrontations.

LIBRA (Sept. 23-Oct. 22) — Distracting daydreams may be pulling you away from true north. You may lean in to intuition and let your conscience guide you towards the new choices and answers. Balance your wishful thinking with undeniable, proven facts.

SCORPIO (Oct. 23-Nov. 21) — In the heat of competition, you could unknowingly ignore someone's feelings. Spend time reflecting on ways to be fair and friendly rather than being fixated on winning at all costs. Consider promoting a positive attitude to instill harmony.

SAGITTARIUS (Nov. 22-Dec. 21) — Some people within close proximity may base their decisions on an outside perspective. Even if your performance doesn't fit into any standard or expected box, you could prove you deserve recognition for your accomplishments.

CAPRICORN (Dec. 22-Jan. 19) — You may decide to go all in when something captures your attention. New opportunities to make money could come your way. Consider investing extra time to cultivate a nice environment or find ways to spark your creativity.

AQUARIUS (Jan. 20-Feb. 18) — The passion you put into your projects may determine the energy and enthusiasm available to everyone around you. It might seem overwhelming but your unstoppable focus and 'can do' attitude could help shift the balance positively.

PISCES (Feb. 19-March 20) — Certain things you think are obvious might not be as clear to others. Don't succumb to a temptation to go low; work on healing the things inside that can push people to go there. You might help someone understand something complex.

ASTROLOGY

ARIES (March 21-April 19) — People will expect you to follow through with actions that match your words so avoid making empty promises. It's wise to stand firm and not give in to impulsive changes or decisions. Be careful of causing disruptions.

TAURUS (April 20-May 20) — It may be time to rise to the occasion. Your abundant energy and proactive attitude may be all you need to tackle any task at hand. Don't let someone's poor mood or frustrations stop you from putting forth your best effort.

GEMINI (May 21-June 20) — Batteries aren't the only thing that needs recharging. Push away from all the demands on your time and energy so that you can hear yourself think for a while. Consider waiting for a better day to make a change or final decision.

CANCER (June 21-July 22) — Those in charge could be demanding and unpredictable, or someone might be unpleasant. Don't waste your energy or time on non-essentials. You may use your powers of organization to get your 'to do' list completed in record time.

LEO (July 23-Aug. 22) — People may see that you can do more than merely follow the leader. You might finish projects that others have started. It may be your chance to show them what could be accomplished if you are given the opportunity to lead and direct.

VIRGO (Aug. 23-Sept. 22) — The reactions of others might through you off course. You may find it challenging to fit in and interact with others now. Where money is concerned you could be mesmerized by surface appearances and miss crucial fine print.

LIBRA (Sept. 23-Oct. 22) — Drama may be fun to watch but is exhausting to live out. Mini-conflicts might flow past you while you keep your hand on the wheel, and everything runs smoothly. You could escape for adventure but return right where you left off.

SCORPIO (Oct. 23-Nov. 21) — You may gravitate towards people who bring up new areas of interest within you. Making mountains out of molehills could cause a serious disagreement in your environment. Be patient and intentional while working on your goals.

SAGITTARIUS (Nov. 22-Dec. 21) — Be mindful of your responsibilities. You might adopt a perfectionist approach when it comes to your money to preserve as much as you can. Don't make an issue out of something that may cause further problems.

CAPRICORN (Dec. 22-Jan. 19) — Once you've taken a stance on an issue, remain committed unless important new intel comes to light. Be careful of impulsive changes that might be regretted. It may be wise to avoid signing contracts or making big promises.

AQUARIUS (Jan. 20-Feb. 18) — Address misconceptions and resolve issues as soon as possible. This may not be an ideal time for fancy purchases. Instead, consider focusing on buying items at an affordable price point that offer quality and long-lasting durability.

PISCES (Feb. 19-March 20) — What goes around comes back around. Think about ways to respectfully and gently point out issues to partners, as you could soon experience similar criticisms in return. Focus on being more understanding instead.

Indianapolis Colts running back Jonathan Taylor (28) runs against the Chicago Bears during the second half Sunday in Indianapolis.

Colts rush for 3 TDs, defense slows Bears offense for win

BY MICHAEL MAROT
ASSOCIATED PRESS

INDIANAPOLIS — Jonathan Taylor used his sheer strength — and a nimble cut — to give the Indianapolis Colts the jump-start they needed Sunday.

Quarterback Anthony Richardson gave provided a perfectly timed push, too.

Taylor scored twice and topped the 100-yard mark for the second straight week and Richardson helped Trey Sermon get across the goal line as the Colts held on for a 21-16 victory over the Chicago Bears.

“It’s a lot (of momentum), especially being here (at home). All we needed is one,” Taylor said after the Colts avoided their first 0-3 start since 2021. “It was a great opportunity to get going and now we’ve got to continue to build on this.”

With Taylor leading the way, Indy (1-2) certainly could get back on track quickly.

The 2021 NFL rushing champ finished with 23 carries for 110 yards, giving Indy a 7-0 lead on his fifty 29-yard scoring run against a usually stingy defense before sealing it with a 1-yard TD run with 5:21 left.

It wasn’t just Taylor, though.

On a day Richardson struggled again, the Colts’ much maligned defense managed to limit Chicago to just 63 yards rushing, forced three turnovers, sacked rookie Caleb Williams four times and made a crucial goal-line stand late in the first half.

“That stop was big,”

Colts coach Shane Steichen said. “I mean, any time you get those big stops down in the tight red zone like we did, the momentum swings a little bit there. Obviously, they (the defense) played a heluva game there.”

For the Bears’ offense, it was another tough day for Williams, the No. 1 overall draft pick.

While he threw the first two TD passes of his NFL career, giving Chicago’s offense one more TD score than it had through the first weeks, Williams was again under constant duress.

He finished 33 of 52 with 363 — all career bests — but threw two interceptions and lost a fumble on a strip-sack that led to Taylor’s 1-yard TD run, which essentially sealed the game. And he was running again when a 2-point conversion pass that could have cut the deficit to three fell incomplete midway through the fourth quarter.

“This is not who we want to be,” tight end Cole Kmet said after matching a career best with 10 receptions for 97 yards. “There were definitely some good things that happened for us. But at the end of the day, it’s about winning football games.”

Neither team looked terribly good, though.

Chicago and Indy combined for just 71 total yards in the first quarter, five turnovers overall, and the league’s two youngest starting quarterbacks each wound up with passer ratings below 81. Richardson was 10 of 20 passes for 167 yards with two more interceptions.

And even though Indy had only 15 first downs, Richardson and the Colts still did enough to win.

Taylor’s 29-yard second-quarter burst produced the game’s only first-half points, before Chicago finally broke through with a 53-yard field goal to open the second half.

The Colts extended the lead to 14-3 when Richardson and his offensive linemen shoved Sermon across the goal line with 21 seconds left in the third quarter.

Williams’ 1-yard TD pass to Rome Odunze cut the deficit to 14-9.

But rookie defensive end Laiatu Latu jarred the ball loose from Williams on a sack, which led to Taylor’s powerful run to close it out.

All the Bears could muster after that was Williams’ 6-yard TD pass to Kmet with 2:01 left.

“We left one out there (Sunday),” Bears coach Matt Eberflus said. “We’re encouraged and there’s a lot of positivity in our locker room. We’ll look ahead and each guy needs to ask himself how he can get better execution-wise to start getting victories.”

Odunze, taken eight picks after Williams, finished with six catches and a season-high 112 yards.

Williams nearly got his first TD pass on the final play of the first half when his heave to the end zone was batted by Colts cornerback Jaylon Jones. DJ Moore alertly caught the pass near the goal line.

Triple-double by Suns’ Thomas spoils Clark’s playoff opener

BY DOUG FEINBERG
AP BASKETBALL WRITER

UNCASVILLE, Conn. — Alyssa Thomas always raises her play in the postseason.

Thomas had her fourth career triple-double in the playoffs and 15th overall to spoil Caitlin Clark’s postseason debut as the Connecticut Sun beat the Indiana Fever 93-69 on Sunday in Game 1 of their best-of-three series.

The Sun’s star finished with 12 points, 13 assists and 10 rebounds.

“We did what we were supposed to do. I’ve been waiting all season for the playoffs, this is what you’re playing for,” said Thomas, who had a triple-double in the regular season opener this year, also against Indiana. “This is just the beginning for us, we’re ready to go.”

DeWanna Bonner, who finished with 22 points, has been there for all of Thomas’ postseason stat-sheet stuffing games.

“She gets us in places that we need to be during important times,” Bonner said. “The way she reads the game and sees the floor. ... It’s an advantage to have a player that can pass the ball, direct the game, defend and literally play for 40 minutes. Our team doesn’t go without her.

“We wouldn’t be in this position each and every year. This is her time, every year.”

Marina Mabrey led the third-seeded Sun with 27 points, 20 of which came in the second half. Her 27 points are the most by a reserve in the playoffs, according to ESPN.

Game 2 is Wednesday night in Connecticut with a potential decisive third game in Indiana on Friday night, if necessary.

Clark, who earlier in the day was announced as the AP Rookie of the Year, finished with 11 points, recovering from a rough start. She also had eight assists. Kelsey Mitchell scored 21 points and Aliyah Boston added 17 points and 11

rebounds for Indiana.

“We didn’t play well, didn’t play to the level we’re capable of playing,” Clark said. “We didn’t shoot the ball like we’re capable of. We’re capable of winning this game.”

The Sun came into the contest with 222 playoff games under their belt while the Fever had just 19, including none among the starters. This was Indiana’s first appearance in the playoffs since 2016. Connecticut head coach Stephanie White was in charge of the Fever that year.

The lack of experience didn’t seem to rattle the Fever early. It also probably helped that like most Fever road games this season, nearly half the crowd — many of whom were wearing Clark shirts — cheered on everything they did.

After a back-and-forth first 16 minutes, Indiana led 36-34 with 3:45 left in the first half. The Sun then took over, closing the opening 20 minutes on a 12-2 run.

Bonner had four points and an emphatic block of a Clark layup during the spurt. Bonner finished the opening 20 minutes with 16 points. Clark had a quiet first half with just three points, making one of her nine shots.

Wilson, Clark unanimous choices for WNBA AP Player, Rookie of Year

BY DOUG FEINBERG
AP BASKETBALL WRITER

A’ja Wilson and Caitlin Clark had record-breaking seasons, putting up stats the WNBA had never seen before.

Wilson became the first player in league history to score more than 1,000 points in a season, and she averaged a record 26.9 points. Clark broke the league’s single-season assist mark and scored the most points ever for a rookie.

So it’s no surprise the two were honored Sunday as the unanimous choices for the AP Player and Rookie of the Year awards, respectively, by a 15-member media panel.

“It means a lot,” Wilson said in a phone interview with The Associated Press.

“The preparation you put in, the approach I set myself up for this season.”

The Las Vegas Aces star was named the league’s MVP earlier Sunday, also unanimously. The WNBA will announce the rest of its awards over the course of the postseason.

Wilson finished the regular season with 1,021 points and 451 rebounds and led the league with 98 blocks. She finished third in the WNBA MVP voting last season, receiving one fourth-place vote that she said fueled her in the off-season to get better.

“It propelled me a little bit as I started my off-season workouts, but around February I was over it,” Wilson said. “I didn’t want to give that person that energy, that’s when I start-

ed to lock in.”

Clark came into the league with quite possibly more hype than any rookie ever and she delivered, leading the Indiana Fever to the playoffs for the first time since 2016. She broke the WNBA single-season record with 337 assists, including a league-record 19 in one game. She also broke the single-season rookie scoring mark as she averaged 19.2 points.

“This is a tremendous honor to be named The Associated Press Rookie of the Year,” she said. “This recognition wouldn’t be possible without an incredible group of teammates and coaches, and we are looking forward to continuing an exciting regular season in the postseason.”

Rourke, Lawton combine for 4 TDs as unbeaten IU routs Charlotte

Hoosiers reach 4-0 for only 8th time

BY MICHAEL MAROT
ASSOCIATED PRESS

BLOOMINGTON — Kurtis Rourke and Ty Son Lawton just keep the Indiana Hoosiers offense chugging along.

They did it again Saturday. Rourke threw one touchdown pass, ran for another and Lawton scored twice as the Indiana Hoosiers routed the Charlotte 49ers 52-14 — giving them a 4-0 record for the third time since 1991 and only the eighth time in the program's 140-year history. "While we've started games better, it was a solid win," coach Curt Cignetti said. "I think the fact we're balanced, running and throwing really well, helps both our running game and passing game."

It's shown as Cignetti became the first coach to open his Hoosiers career with four straight wins, thanks in large part to the dynamic duo of Rourke and Lawton. Indiana's 202 points this season are also the most through any four-game stretch.

Rourke's encore followed his first Big Ten offensive

"I think he's (quarterback Kurtis Rourke) playing pretty well. He'll be the first to tell you it wasn't perfect. But I am extremely pleased with the progress he's made since we started playing games. I like where he's at and we've got to continue to protect him."

— Curt Cignetti
IU head football coach

player of the week selection was going 16 of 20 with 258 yards while rushing four times for 32 yards. Lawton had seven carries for 35 yards on a day Indiana produced 510 total yards and had six players score TDs.

"I think he's playing pretty well," Cignetti said when asked about Rourke, "He'll be the first to tell you it wasn't perfect. But I am extremely pleased with the progress he's made since we started playing games. I like where he's at and we've got to continue to protect him."

Charlotte (1-3) kept it close through the first 21 minutes but allowed two TDs in the final three minutes of the first half and another to open the second half and it never recovered.

The Hoosiers asserted themselves quickly, too.

Fourteen of their first 15

snap were in Charlotte territory with Lawton scoring on an 8-yard run to open the scoring and Nicolas Radicic capping Indiana's second drive with a 27-yard field goal for a 10-0 lead a little less than 11 minutes into game.

Charlotte finally answered with a 13-yard TD run from C.J. Stokes.

But after the teams traded two more TDs, Indiana broke the game open with Rourke's 12-yard scoring run and a 19-yard scoring strike from Rourke to Ke'Shawn Williams in the final four minutes of the first half to take a 31-14 lead. Lawton sealed it with a 5-yard TD run with 12:13 left in the third quarter.

"How many big plays did we give up? Giving up 500-plus yards to anybody is horrendous," Charlotte coach Biff Poggi said.

Charlotte quarterback

Trexler Ivey finished 14 of 23 with 119 yards and one TD. Cartevious Norton ran 11 times for 58 yards.

THE TAKEAWAY

Charlotte: It's been a rough stretch for the 49ers, who are 7-21 since the 2022 season and have only one Power Four win in school history. But they hung around for most of the first half.

It still might be another long season in Charlotte, but the strong start was promising.

Indiana: It's already been a storybook season for the Hoosiers, who have now surpassed last year's victory total, moved within two wins of becoming bowl eligible for the first time since 2020 and have a shot to go 5-0 for just the third time ever (1910 and 1967).

RUNNING SHORT

The 49ers wound up running 33 times for 137 yards despite being without their two key runners for most of the game.

Terron Kellman sat out for the second straight week with an undisclosed injury, and Stokes did not return after hurting his shoulder in the first half.

UP NEXT

Indiana hosts Maryland in its Big Ten opener.

David Campbell

Madison players lift up the Railroad Trophy after beating Jennings County 51-0 at home on Friday.

CUBS

FROM PAGE B1

We try and use the other players to do what we have to do. And that's what we did tonight."

Jennings County managed just 33 total yards offense in the game.

With 58 points last week and 51 this week for a total of 109, Madison set a school record for most points scored in back-to-back games, eclipsing the 100 points scored in back-to-back outings in 1972.

The win also continues an unusual streak between the two rivals. Jennings County leads the overall series 29-28 but the home team has won each of the last 11 games in the series.

Madison hosts Class 2A No. 11 Heritage Christian (3-1) next Friday — the first-ever meeting between the two schools — in the Cubs homecoming game.

Jennings hosts Bedford North Lawrence (0-5) in a battle of winless teams.

UK offense wakes in 41-6 win over Ohio

BY STEVE MCCLAIN
ASSOCIATED PRESS

LEXINGTON, Ky. — It had been two games since Kentucky had scored a touchdown and it took another quarter before Demie Sumo-Karngbaye scored twice to jumpstart the offense in a 41-6 win over Ohio on Saturday.

Quarterback Brock Vandagriff was 17-of-24 passing for 237 yards as the Wildcats (2-2) put together a balanced offensive attack of 488 yards after South Carolina and Georgia kept them out of the end zone. Junior Dane Key caught seven passes for a career-high 145 yards yards, and redshirt freshman Jamarion Wilcox led the ground game with 82 yards as Kentucky ran for 206 yards.

“I think we executed the

game plan that we were trying to go out there and execute. We played fast,” Vandagriff said. “We had a couple of penalties that were not crucial, but were drive killers. But we felt like if we were able to execute our plan and we’d be able to get in the end zone a few times.”

Sumo-Karngbaye’s 1-yard touchdown at the start of the second quarter was Kentucky’s first touchdown in nine quarters. That ended a seven-play, 80-yard drive kept alive by a 15-yard pass from Vandagriff to Key on third-and-nine. His second touchdown was a 2-yard run with 4:07 left in the first half after Vandagriff and Key hooked up for a 36-yard pass to convert on fourth-and-seven.

The Bobcats (2-2) were held to 108 yards rushing, well below their average of 203 yards per game. Anthony Tyus III, who ranked ninth in the country in rushing at 367 yards, only had 24 yards. Ohio’s score came with 14:53 left in the game when Ricky Hunt Jr. scored on a 1-yard run.

“We knew we would have to play flawless,” said Ohio coach Tim Albin. “I said earlier in the week I don’t see a weakness in Kentucky’s defense. I stand by that statement. They are athletic. We had trouble adjusting to the speed on both sides of the ball. But I thought we settled in after the first quarter.”

Receiver Barion Brown scored his third touchdown of the season on a 23-yard run

with 11:38 left in the game, and backup quarterback Gavin Wimsatt scored on a two-yard run with 3:45 remaining.

“It’s good to get back in the win column, obviously. I feel like the last couple of weeks, our guys have really worked hard to get some things corrected,” Kentucky coach Mark Stoops said. “We want to be more consistent. Obviously, today it was far from perfect. But, a lot of young guys got in there tonight and I think that’s extremely important.”

THE TAKEAWAYS

Ohio: Starting quarterback Packer Navarro was a late scratch due to a soft tissue wrist injury. He had practiced earlier in the week, but wasn’t able to finish a mid-

week practice and had been listed as questionable. Backup Nick Poulus threw for 110 yards. The best first half scoring threat ended in the second quarter when Poulus fumbled at the Kentucky 5 and JJ Weaver recovered for the Wildcats.

Kentucky: Placekicker Alex Raynor converted field goals of 30 and 34 yards, setting a school record with 12 consecutive field goals made. Defensive back Maxwell Hairston returned an interception 25 yards for a touchdown with 5:12 left in the third quarter. It was his third pick six of his career, tying a school record.

BEARCATS

to reach the 4.

However, Anderson County’s defense stiffened and on a fourth-and-goal at the 7, Shovlin was sacked at the 15.

Just before halftime, the Bearcats capped an

85-yard, 11-play drive with Rhody covering the final five yards for the touchdown and a 25-0 lead just 25 seconds before intermission.

A series of penalties hurt the Panthers on the opening drive of the third quarter and a punt return by Samad and a personal foul gave Anderson County the ball at the Panther 34.

On the first play, Degarmo again hit Hardin on what would be a touchdown but a penalty negated the Bearcats second big play of the game between the two.

Rhody then ran for 26 yards and Bearcat lineman William Raley recovered a fumble to keep the drive alive. Wilson then found the end zone on an 11 year

run and Doyle’s kick made it 32-0 with 8:14 left in the quarter.

The ensuing kickoff hit a Carroll County player and Samad recovered at the Panther 49. Castle connected with Hardin for a 17-yard gain and then with Wilson on a 21-yard catch and run that too was negated by a penalty. That drive stalled but Ander-

son’s defense held Carroll County when Samad made his third interception of the season.

On the second play of the next drive, Rhody broke free and ran 87 yards for his third touchdown of the night and Doyle’s kick made it 38-0 to trigger a running clock with 2:21 left in the third quarter.

The final Bearcat score

came with 3:30 left in the game when backup quarterback freshman Henry Cooper kept the ball and covered the final 18 yards. Doyle’s kick made for the final 45-0 score.

The Panthers (0-4) will be at home on Friday in search of their first win in five outings with Owen County the opponent. Kickoff will be at 7:30 p.m.
